#### **Introduction**

The Krishna consciousness movement is progressing all over the world under the spiritual supervision of Srila Rupa Goswami. Srila A.C. Bhaktivedanta Swami Prabhupada has written in the book 'Preaching is the Essence' – "Serious students of this Krsna consciousness movement must understand their great responsibilities to preach the cult of Vrndavana (devotional service to the Lord) all over the world.... I am hopeful that some of our students can take up this

responsibility and render the best service to humanity by educating people in Krsna consciousness (page-13)”.

The cult of Vrindavana has been elaborately and clearly described in Sri Chaitanyacharitamrita.

Srila Prabhupada has also written in the same book—“I request my disciples who are determined to help me in this work to continue their cooperation fully, so that philosophers, scholars, religionists and people in general all over the world will benefit by reading our transcendental literatures such as Srimad-Bhagavatam and **Sri Caitanya-caritamrta** (page-126)”.

Srila Prabhupada has also written in the same book— “In the Krishna consciousness movement, both men and women preach, rules governing separation of the sexes (page-110)”

So, it is essential for the devotees to preach Sri Chaitanyacharitamrita all over the world. Sri Chaitanya Mahaprabhu has ordered all to offer the ‘Premphal’ to everybody. It has also been written in Chaitanyacharitamrita that anyone who hears regularly Sri Chaitanyacharitamrita will know the ‘Rasa’ of the Supreme Lord Sri Krishna. The Bengali verses are quoted at the Bengali version manuscript next. Because of the fact, an attempt has been undertaken to study Sri Chaitanyacharitamrita, in a compulsory manner providing a name ‘Specialized University for Chaitanyacharitamrita’. There may grow many more places of the university all over the world. The students may join in any of the places according to choice.
